

## **Artist Statement – Maria Koo-Gin**

I am a multi-media artist who is disciplined in many art forms including Sculptures in Clay, Metal and Found Objects, Assemblage, Mask Casting, Watercolor, Chinese Brush Painting and Calligraphy.

My art work is the result of a spontaneous joining of energy and organic materials. The flow of these two elements create the rhythm of line and space, and emerge as a visual dance. Often I am inspired by nature: the color and form of a flower, the curved lines of a dry branch and rock formations.
